

**THE LAKE COUNTY
BOARD OF
SUPERVISORS**

Invites you to attend

V COMMUNITY VISIONING FORUMS

Open Meetings for District 1, District 2, District 3, District 4, District 5

We are pleased to announce a collaborative effort to improve the health and wellness of the County. Sponsored by the Lake County Health Department, County Board of Supervisors in collaboration with Hope Rising and Community Partners, Community Visioning Forums have been scheduled around Lake County on the topic of Community Health and Wellness.

Why Community Visioning Forums? These meetings can be an important way of hearing first-hand from our community about their concerns, needs, and ideas for solutions moving forward. We are invested in creating changes that will help build resilience in all communities across the Lake. Information and feedback from these Community Visioning Forums will help with the development of a Community Health Improvement Plan and help move us towards a healthier Lake County!
